

Electronics/Robotics FIRST FULL WEEK

By the end of Monday I want everyone to be here:

Windows: have Simple IDE as well as the drivers for USB.

MAC: have SimpleIDE as well as the drivers for USB

Then read through and add vocabulary to your notebook:

<http://ionaphysics.org/lobby/robotics/classroom/outline/Introduction%20to%20Computer%20Programming.pdf>

(Robotics Outline Introduction to computer programming)

Finish for homework.

Tuesday:

Distribute hardware

Take inventory

Resistor Color Code to your notebook

Wednesday

Run first program ("Hello")

Begin Path 1
