

Jan 2021 Inventory Parallax Box:

Chassis with servos

Parallax screwdriver

Ping module

7-segment display

OLED display

2 – Coffee stirrers

Large white envelope:

Pair whiskers and 2 3-pin headers

Small Brown Envelope:

2 photoresistors

2 phototransistors

8 - 1k ohm resistors (For 7 segment display)

2 - 2k ohm resistors (For photo resistor circuits)

2 - 0.1 microfarad (103) capacitors (For photoresistor circuits)

2- 0.01 microfarad (104) capacitors (for phototransistor circuits)

Small White Envelope

10 jumper wires

Small White envelope (marked IR)

2 IR Led's in enclosures

2 IR detectors

2 resistor color code charts

2 Polar coordinate graph papers
